

Unmasking COVID-19

A virtual Town Hall meeting to address the economic and social impact of COVID-19 on the neonatal and perinatal communities

Join Synova Associates on **May 12th** at **6:00pm Eastern Time** for a 90 minute Town Hall meeting for neonatal and perinatal nurse leaders and their staff. The panel of experts will discuss their experiences, the current state in their hospitals and communities and share perspectives on where we hope to end up. Discussions will include potential changes in how we operate, communicate and provide care to patients and families in our units, in our hospitals and throughout the healthcare system.

JOIN US

as we come together and honor each other and Florence Nightingale's 200th birthday!

As a global leader in health and hygiene, RB & Mead Johnson Nutrition have a responsibility to play our part in the fight against COVID-19. We are proud to provide an education grant in support of Synova Associates' COVID-19 Virtual Town Hall.

We will be sharing information on new scholarships for 2020 NICU and Perinatal Leadership Forums during the Town Hall.
