

# Unmasking COVID-19

A virtual Town Hall series to address the economic and social impact of COVID-19 on the neonatal and perinatal communities

**July 22<sup>nd</sup> from 6:00 – 7:30 PM Eastern Time**

This is the second in a series of virtual Town Halls for neonatal and perinatal nurse leaders and their staff. The panel of experts will discuss their experiences, the current state in their hospitals and communities and shared perspectives on where they hope to end up.

This Town Hall will address the current financial impact on hospitals focusing on budget and staff reductions and will offer ideas on how to maintain strong clinical outcomes and staff morale as we prepare for what comes next.

## Expert panelists include:

**Pattie Bondurant,**  
DNP, RN, Chief  
Transformation &  
Quality Officer,
